Trees, flowers, winding brick paths, duck ponds, a waterwheel and a Victorian gazebo provide a lovely backdrop to the many specialty shops located here.

Nestled in the heart of this tranquil setting is the Cornerstone Playhouse. The intimate theater holds just 237 seats and boasts a new state-of-the-art digital sound system. Submarine Force Museum

After breakfast it's off to the Submarine Museum. Located on the Thames River in Groton, Connecticut, the museum maintains the world's finest collection of submarine artifacts. It is the only submarine museum operated by the United States Navy.

Aboard the Nautilus you'll experience the first-hand thrill of being a submariner as you walk the decks that made Naval history: the world's first nuclear powered vessel, first ship to go to the North Pole, and first submarine to journey "20,000 Leagues Under the Sea." Explore the spaces where the crew of this amazing ship worked, ate, slept, and entertained themselves on their long voyages far beneath the ocean's waves.
